THE REFINED WELLNESS GETAWAY

THE HOUSE OF DIOR
EMBRACES
SPLENDIDO LEGACY

Nestled in the lush gardens of Splendido, A Belmond Hotel, Portofino, overlooking the bay, the Dior Spa Splendido offers an unparalleled wellness experience. In this haven of peace, once a monastic retreat and now a favorite destination for icons from around the world, time seems suspended. Legends like Winston Churchill, Maria Callas, Grace Kelly, Charlie Chaplin, and Walt Disney, succumbed to the magic of the place. Today, guests continue to honor this cultural legacy, choosing Splendido to celebrate precious moments.

The House of Dior adds to this legacy with the Dior Spa Splendido. As close as possible to the crystal-clear waters, treatment areas emerge, offering total immersion in the natural beauty of the Italian Riviera. Dior expertise and holistic treatments blend seamlessly into this historic place, inviting deep relaxation and reconnection with oneself. This peaceful sanctuary, with its prestigious history, embodies the perfect fusion of Monsieur Dior and the spirit of Dolce Vita—an unforgettable getaway.

At the Dior Spa Splendido, the Dolce Vita has never been so true to its name.

LE JARDIN
DES RÊVES DIOR

Dior presents Le Jardin des Rêves, an exclusive experience offering two double gazebos set in elevated seclusion of Splendido gardens. A seamless blend of indoor and outdoor, this space invites a retreat into nature, reminiscent of the serene escapes Monsieur Dior himself cherished—where one could enjoy treatments in the open air, gazing out over the endless blue horizon of the sea and sky. A moment suspended between the hills of Portofino and the sparkling waters of the Ligurian Sea, this is the ultimate escape.

For private use of the Jardin des Rêves, a supplement of €120 per person applies.

THE MILLEFIORI
SUITE

Perched above the shimmering waters, Dior present an exceptional double treatment room at Splendido. Bathed in the light of Liguria and offering breathtaking views of the Italian Riviera, surrounded by lush greenery and the scent of exquisite flora, it creates a timeless escape where every treatment becomes an experience of pure serenity.

“ I dreamed of making women not only more beautiful but above all happier. ”

CHRISTIAN DIOR

THE SCIENCE OF HAUTE WELLNESS

DIOR SPA

THE SCIENCE OF HAUTE WELLNESS

HIGH DEFINITION
HIGH TECHNOLOGY
HIGH TOUCH

At Dior Spa, beauty arises from balance: a delicate fusion of mind and body, inspired by Christian Dior's timeless vision: "I wanted to make women not only more beautiful, but also happier." Dior Haute-Wellness embodies this philosophy, uniting expert craftsmanship with innovation to immerse each guest in the heritage and spirit of the House.

With a commitment to **High Definition**, each treatment is designed with absolute precision to meet individual needs. A tailored diagnostic ensures a thorough understanding of the skin and body, allowing for highly personalised care that enhances natural radiance.

Blending **High Technologies** and expert techniques, Dior Spa treatments work in perfect synergy to rejuvenate the skin, sculpt the silhouette and illuminate the face. Advanced devices enhance each ritual, delivering visible and lasting results while promoting deep relaxation of the mind.

At the heart of this transformation lies the **High-Touch** expertise of the Wellness Experts, who perform meticulously choreographed rituals designed to awaken the senses and restore harmony. The mastery of the «Dior Hands,» enhanced by modern innovation, creates an immersive and multi-sensory journey that elevates both beauty and well-being.

A haven of serenity and refinement, Dior Spa redefines self-care: it is an invitation to transcend the ordinary, enveloping each guest in an exceptional, couture-inspired experience where luxury meets performance and well-being becomes art.

THE DIOR HAUTE TECHNOLOGY

Dior has always combined its scientific expertise in skincare with manual techniques and cutting-edge technologies. This complementary know-how has resulted in extremely transformative treatments. Without compromising on sensorial experience, they offer the ultimate experience of beauty and well-being. In the spirit of high-precision well-being, Dior Spa Splendido harnesses cutting-edge technoloagies to rejuvenate and repair skin that has been challenged by urban and outdoor lifestyles. In this Mediterranean heaven, the House unveils its most advanced technologies, for an even more expert approach to beauty.

MECHANICAL ACTION

HYDRA-DERMABRASION

Advanced vortex technology infuses the skin with active ingredients to purify, exfoliate and restore radiance, while diminishing unwanted blemishes.

LIGHT WAVES

LED TECHNOLOGY

Every skin cell has the incredible ability to absorb and convert light into energy. An LED mask acts as a natural energy source, boosting cellular respiration to stimulate elastin and collagen production. As a result, the skin becomes plumper and repaired, with refined texture and redefined contours.

BIOTECHNOLOGY

OXYGEN & NEGATIVE IONS THERAPY

High-pressure oxygen infusion improves skin cell respiration and optimises product penetration for an immediate radiance boost for the scalp and face.

THE DIOR HANDS

At Dior Spa, beauty is born from balance – a delicate fusion of mind and body, echoing Christian Dior's vision.

Guided by this philosophy, our approach to wellness goes beyond aesthetics, offering an experience that enhances both inner and outer beauty.
Our Haute-Wellness perspective blends meticulous craftsmanship with cutting-edge innovation. Like artisans in Dior's couture ateliers, our Dior Wellness Experts, the "Dior Hands", bring precision and care, combining expert hands with advanced technology co-developed with world-leading experts. This approach rejuvenates both face and body, enhances natural regeneration, and creates immersive sensorial moments that awaken the senses.

At the heart of Dior Spa lies a deep commitment to innovation, creating sanctuaries where well-being and beauty come together seamlessly, embodying the very essence of the Dior Haute-Wellness universe.
